

Instrumental Music Program 2023

Dear Parents/Guardian

The purpose of this letter is to offer students the opportunity to undertake study and practical application of playing a musical instrument with a qualified teacher. All students in Years 4 and above in 2023 are invited to apply for this if they can demonstrate:

- A commitment to daily home practice (minimum 15 minutes a day)
- Above average behaviour in class and in the playground
- Regular school attendance
- Homework tasks and set assignments are completed or attempted

The applicants who meet the selected criteria will participate in the program.

Students can choose from the following instruments. Places for each instrument are limited.

- Flute
- Saxophone
- Clarinet
- Trumpet
- Percussion (glockenspiel and snare drum – not drum kit)

Successful applicants will receive a weekly half hour lesson on their chosen instrument every week, and will be expected to practice their instrument at home every day. Students who do not attend lessons or complete the required practice may be asked to leave the program.

After one year of tuition, students are encouraged to purchase their own instrument. Students who do not purchase their own instrument after a year of tuition may not be able to hire an instrument for a second year as preference will be given to new students.

The cost of the program for 2023 includes instrument hire, servicing and sheet music.

The cost is

- \$55 in program fees
- \$50 additional if loaning a school instrument

For further information please contact the school.

Kind Regards,

Jen Fengler
Instrumental Music Teacher
